My dear Sir,

The Commandant of the Company Southern Maharatta Railway Volunteers begs to state that he is in treaty for a Rifle Range. Part of this is private land, the owners of which does not come to terms, and the Agt. Comm. recommends resort to the Land Requisition Act.

I beg the favour of your letting me know whether in your opinion the purpose for which the land is required is such a "public purpose"

ries is contemplated by

the Act?

I am induced to

examine this question

closely by the fact that

it has been stated within

my hearing by a high

authority that even the

construction of a Talat

school is not a "religious

purpose" within the

meaning of the Act.

Sir,

Referring to your docket No. 9885/272 dated 18th ultimo, regarding the grant of certain lands for the Southern Mahratta Military Rifle Range at Chenikere, I have the honor to state that the 2d Lieutenant Commanding H Company S.M.R. Volunteer Corps requests the grant of 72,000 square feet of land in the Survey Nos. 62, 63, 67, 64 and 61 of the Chenikere Village, for the S.M.R. Rifle Range.

2. The portions of lands asked for

for, out of the first three numbers may be granted as they are zonal. The Agents have no objection to the grant, time being sufficient zonal for the cattle.

Survey No 61 is also a zonal land but the portion required is in Islands & the right of one Charamante Bara-valinga dési Kandra Vani, as has finally ordered by the Superintendent of Périm Survey in 1882. The Vani has agreed to part with it on payment of compensation which is settled at about Rs. 9.

As regards the last No 61, the survey does not come to any settlement at all and time is no point although requiring it under the Land Acquisition Act. A notification time for reserve required for approval and transmission to the Superintendent Government Press for publication in the Bijapore Gazette.
